PERSONAL INTEGRITY

by L. Ron Hubbard

WHAT IS TRUE FOR YOU is what you have observed yourself
And when you lose that you have lost everything.

What is personal integrity?
Personal integrity is knowing what you know -
What you know is what you know -
And to have the courage to know and say what you have observed.
And that is integrity
And there is no other integrity.

Of course we can talk about honor, truth, all these things,
These esoteric terms.
But I think they'd all be covered very well
If what we really observed was what we observed,
That we took care to observe what we were observing,
That we always observed to observe.

And not necessarily maintaining a skeptical attitude,
A critical attitude, or an open mind.
But certainly maintaining sufficient personal integrity
And sufficient personal belief and confidence in self
And courage that we can observe what we observe
And say what we have observed.

Nothing in Dianetics and Scientology is true for you
Unless you have observed it
And it is true according to your observation.
That is all.

ON RUNNING OFF YOUR OVERTS AND WITHOLDS

by Marilynn Routsong, HCO Exec. Sec., Continental America.

One of the basic things in getting your own case running and keeping it running is to run off your overts and witholds and this is one of the hardest things to confront doing, until you do it and get your results on it. And the reason for this is the very nature of the beast. An overt is something that you have done to someone or something that you basically feel you shouldn't have done. You may have hidden from yourself this feeling of wrongness. As a matter of fact you usually do it by putting the wrongness out on the other fellow or thing, interposed as a barrier between you and him or it. Therefore you are unable to perceive the other fellow correctly due to this barrier, and your judgement in dealing with him is warped. You keep viewing the wrongness you have put on him, but remember, it is you who have put it there. And it was put there because of your overt. The emotion of an ARC break is the emotion of what you did wrong, removed from your own end of the line to the other end of the line, and you conceive yourself to be mad at the other guy. It is really a cognition to realize that you really did think it was wrong. And you may still at this point think it was wrong, but then you are taking some responsibility for it. Got the idea?

En route to this you start justifying, which is wildly trying to find reasons why you were right. You may feel that the auditor wants to punish you by running the overts, or that he wants you to stop being cause, etc., and you feel put upon to show the auditor that you were right. But there is pay dirt by going on through this justification band, and that is getting to the point of being responsible - and you feel right with yourself and the world again. It is just sheer gold.

So if an auditor or the Central Organization is putting some pressure on you to run your overts, remember that he is desirous of doing you a tremendous favor. He can see you sitting in the middle of this awful battle ground between you and yourself - and he wants to guide you through it to a win.

And after winning you will find your judgement getting sharp, your havingness up and the world looking good.

And if you don't run your overts and witholds off, you will find the battle increasing until you just give up and get out (withdraw).

But remember, the battle is of your own making. Let an auditor lead you through to a win.

P.S. Any auditor who sits around and allows a fellow Scientologist to remain in such a condition as described above needs to review his own battle ground - for this is an overt of magnitude.

SCIENTOLOGY NEWS

Many things have been happening in recent weeks and months in Scientology throughout the world; things which should make big, bold banner headlines in every newspaper if the intention of newspapers were to convey news of real accomplishment, of real wins for individuals and for Mankind instead of the clatter of comment on wars, death, disease and disaster which they do convey.

This is BIG news, and it will mean a lot to YOU and your future.

SCIENTOLOGY TECHNOLOGY HAS REACHED THE GOAL L. RON HUBBARD SET FOR IT. Every case processed can be reached and started, and once started, can be processed on up to clear. Do you realize what this means for YOU? We have grown accustomed to producing miracles in Dianetics and Scientology - thousands of people have become less a prey to their own reactive banks and more in control of their own lives, their bodies and their futures. This has become commonplace to us and, if you have been with us a while, you know of out-and-out miracles and have probably experienced some yourself. But now the results of processing have become really predictable, really certain in every case. If you are processed in a Hubbard Guidance Center, where the strict rundown is adhered to, you can be sure of the results.

Arrange to get your processing now. Write to the Consultant to make arrangements and for help with any problems you may have about getting processing. When you do you will find your self started on the road to a brand new life.

Scientology and Dianetic technology was started, developed and carried through to it's present level of completion by L. Ron Hubbard. That we have a science of the mind that is an actual understanding of actual human minds is due to Ron's belief that such a science was possible; that this science has been carried through to a full knowledge of what the mind is, how it works, and what can be done to straighten out it's confusions to make man truly master of himself and his destiny has been due to Ron's persistence in research. Many people have helped Ron in this work; his own insistence in being responsible for Scientology progress has kept it from getting sidetracked and has made it the truly effective science that it is. Scientology and Dianetic processing is available for YOU to use. You can thank Ron best for his work by making use of the best processing available -- by getting yourself started on the road to clear through Hubbard Guidance Center auditing.

SCIENTOLOGY ORGANIZATIONAL development has been steadily growing and improving under Ron's direction. The know-how of Scientology organizations has been a whole line of research in itself. It was absolutely necessary that this know-how be developed in order to handle to volume of traffic on

A MESSAGE TO ALL FIELD SCIENTOLOGISTS
by Ron Arnold

I am a field Scientologist. Seattle, Washington has been my home base for five years. This message to you is the result of a month and a half I spent recently working on staff at the Central Organization of Scientology in Washington, D.C.

Like most field auditors, I have worked hard and have had some measure of success, and, like most of you, I have had a considerable amount of communication to and from D.C. staff members. But somehow, they seemed quite distant, 3,000 miles away. All the activity seemed "way over there". I am sure that you have had something of the same experience.

At the ANATOMY OF THE HUMAN MIND CONGRESS, L. Ron Hubbard announced a tremendous new program and suggested that field auditors work on staff at a Central Org to learn how to run it. Two weeks later, Donna Fisk, also from Seattle, and I, were on staff as organizational trainees.

My first day was a staggering experience. Here were people, objects, job outlines, duties, an almost endless list of things to know and do, all part of an organization that runs like a Swiss watch. Day by day it became alarmingly real to me that a Central organization has PROBLEMS. I watched staff members handling these problems and getting the job done. I found that one person routinely does the work of three people, literally. The new program takes people to run it. Regular activities must go on; still sorely understaffed. But somehow the work gets done.

Let me give you an idea of what it takes to run a Central Organization: Do you have any idea of how much effort it took to place this magazine in your hands? Or of how many thousands of copies are mailed each month? Or how many departments must be co-ordinated? Or how many letters go out every day? Or of the auditors who must be supervised in the Guidance Center? Or of the care that is taken to train professional auditors? Or of how many hundreds of pieces of paper cross the Accounts desk before noon? Or of the bulletins, policy letters and other traffic that HCO staff must handle? Or of how many times a week the floors must be polished, the wastebaskets emptied, the pens filled and the files kept up to date? Do you begin to get the idea? Real, isn't it? But these people are doing it with guts alone, and with not enough help. They are carrying the world on their backs. And all, ultimately, to make it possible for you to have Scientology. Where would you be without them?

Now, why am I telling you this? For this reason: Central Organizations are beginning to take shape in the planning stage, to be placed all over the Nation. They will eventually include all professional Scientology, in a tight, strong and efficient network to keep Scientology winning. If you are a Professional

Scientologist you will someday staff your own Central Org. If you are an interested layman, the services of Scientology will someday be available to you from a local Central Org.

The push for a civilization based upon ability, decency and understanding is definitely on the way. Mr. Hubbard was not kidding; the new programs work. Scientology is spreading fast. But it is a job. It takes hard, honest-to-goodness WORK to get it done. Central Org staffs are doing it.

Here is how you can help out: If you are a professional, arrange your staff training soon. If you are an interested layman, write to the Central Org staffs now. Tell them your personal goals, your interests, your difficulties. Tell them what you want help with, and how you want to help. They are people, just like you. They appreciate your communication. They like to know that you are being reached. You will find that Scientology becomes much more real when you get to know these staff members. And you will discover for yourself that the show is, indeed, already on the road.

Those lights that burn late at night in Central Organization windows are shining on the birth of a new hope for the future of Mankind. Won't you help it?

STAFF POSTS

There are openings for a number of permanent positions on the staff of the Central Organization in Washington, D. C.

Good typists (with case in good shape, too) are nearly always in demand, even if not yet trained as Scientologists. Other posts not requiring full Scientology training are available - and you can get your HCA training on the weekend Course.

Trained auditors: work as a staff auditor for a year or two and become extremely expert under the exacting standards of the Hubbard Guidance Center. You have to be good to get on the HGC, but if you are now a capable auditor and your goal is to become really expert - the HGC can use you as a staff auditor!

Or - take the HCA Course first and set your goal for a permanent staff post after the course.

As a staff member, you have the opportunity to work in the very center of Scientology progress and so to know for sure that your efforts do count toward the making of a better world. In addition, permanent staff members can receive 12 1/2 hours of auditing in the Hubbard Guidance Center every 8 weeks.

If YOU would like to be a Central Org. staff member - or want to arrange for a term on staff as an organizational trainee (as per Ron Arnold's article above) - write to: Org. Sec., 1812 19th Street, N. W., Washington 9, D. C.

Scientology Org. lines. It is applicable as well to other organizations, businesses or even governments, and where used, would make that organization function better by far.

New Central Orgs will be set up throughout the country, and the personnel, already experienced field auditors, will spend some time on the Washington, D.C. Central Org staff learning organizational techniques and procedures.

SOUTH AFRICA. Last fall L. Ron Hubbard went to South Africa to assist the situation. He has become well acquainted with cabinet ministers and is helping them to set up educational and mental health programs for the native population. The Union has given him unlimited visas and he has been traveling through the country viewing the actual situation at first hand.

Ron reports that the H.A.S.I. in South Africa is one of the best we have and Scientology interest is way up in South Africa. He has found that the problem in South Africa is different than the world thinks. There is no native problem. The native worker gets more than white workers do in England! Russia wants South African diamonds and gold, oil and uranium. Russia starts trouble there whenever she can. The South African government is under raid by Russia. Radio broadcasts slam in there nightly trying to incite riots. The South African government is dismayed because it can't believe anybody - like Russia - could tell so many lies.

Mary Sue and the children are with Ron in Johannesburg and they have a beautiful home overlooking the city. It was to have been a vacation trip for Mary Sue, but she has been very busy, first putting splendid order into the Jo'burg HGC as Director of Processing and then straightening out all org lines there as Association Secretary. She is at present instructing on the 3rd South African Advanced Clinical Course.

WASHINGTON, D.C. AND THE U.S. At the end of December 1960, L. Ron Hubbard traveled 20,000 miles round trip to Washington, D.C. to give the Anatomy of the Human Mind Congress here and to open and conduct the first week of the 22nd American ACC. The course was carried forward by Instructors Dick and Jan Halpern and has just been completed with very excellent results. Ron returned to Jo'burg to give a Congress there and to open the 3rd South African ACC in mid-January.

THE ADVANCE, begun in South Africa is being extended to the rest of the world . Your job is to hold your area and support our forward push until we get to you. This jump-off coincides with wrap-up of cases. Ron has often said Scientology would go as far as it worked. It is now working thoroughly. It will go all the way to the accomplishment, at last, of a clear, sane civilization on this planet. There is only one major problem. Who's to be Association Secretary for Moscow?

THREE EMBARRASSING QUESTIONS

Helpless little lady in the bus queue
Ostentatiously clutching your bunch of violets:
How many planets have you exploded?

Unfortunate owner of a fruit barrow
That is always being moved on by the police:
How many kingdoms have you overturned?

Nice young girl with charming manners,
Many beautiful dresses, and no proposals:
How many revolutions have you proposed?

ABILITY

To be able to be sincere
In a world where the word sincerity is almost obscene.

To be able to speak the truth
In a world where truthfulness is almost a joke.

To be able to revere the spirit
In a world where spirituality is almost a charade.
